# WHO WE ARE

**The Boselli Foundation** is a non-profit organization striving to help children living in underserved neighborhoods of Jacksonville and equip these youth to be the best version of themselves through mentorship and skills development.

## Our Mission

The Boselli Foundation is a nonprofit organization dedicated to helping underserved youth become the best versions of themselves through mentorship and skills development. Founded in 2007, the Foundation initially provided comprehensive after-school programs focused on academics and character development for children in underserved Jacksonville communities.

Today, the Boselli Foundation focuses on serving young people involved in the Juvenile Justice system. Through the Boselli Foundation Mentoring (BFM) program, trained mentors build relationships with young people while they are incarcerated, providing guidance, encouragement, accountability, and a consistent adult presence during a critical time in their lives.

The foundation's support continues as youth transition from incarceration back into their schools and communities. Working alongside educators, juvenile justice partners, families, and community organizations. The Boselli Foundation helps youth strengthen academic performance, school attendance, behavior, decision-making, and life skills - providing the relationships and support they need to build a successful future.
